

MAYOR EMERSON EXPLAINS IT

Edmonton Was Sent Invitation to Municipal Convention in Calgary

It now appears that it was all wrong about Calgary alighting Edmonton. At the city council meeting last night a telegram was read from Mayor Emerson, which explains the whole thing. It appears that an invitation addressed personally to Mayor May was sent, but as the mayor happens to be out of the city at the present time, the invitation is probably among his mail, awaiting his return. The following is Mayor Emerson's wire:

Calgary Mar. 7. 06.
Geo. J. Kinnaird,
Commissioner.

Motion passed by convention regret unaccountable mistake of invitation which was sent by myself to Mayor May. Accept personal regrets also.
J. EMERSON,
Mayor.

CONFESSES TO FORGERY CHARGE

Chicago Engraver the Principal in Steel Company Forgeries

Chicago, Mar. 8.—The principal in the recent \$28,000 forgery of Illinois Steel Company Pay cheques in South Chicago has been discovered. According to his own confession Louis Longpre is the man. He was arrested yesterday in the office of the Western Bank Note Co., where he has been employed as an engraver.

KING EDWARD CHEERED

Paris, Mar. 8.—King Edward, who was accompanied by the railroad by Premier Rouvier and representatives of President Fallieres, left here at noon for Biarritz whence he goes to San Sebastian, to participate in the formalities of King Alfonso's betrothal. The crowd cheered his Majesty as he departed.

Cushing Bros. Company, Ltd.

IS EDMONTON TO HAVE A THEATRE

It is the general consensus of opinion that if a Theatre be built, its location should be on a corner, in the heart of the City, on Street Car Line for convenience to all, near Fire Hall for protection, between the principal hotels and railway stations.

The Corner of McDougall and Sutherland streets would meet all requirements, here are two big lots 100x150 feet, on which are two dwelling houses and a printing office bringing in a fat rental to the owner, so that the man who buys now is interested on his money from time of purchase.

The Alberta Agencies have this property for sale, and the prices and terms are right.

THE ALBERTA AGENCIES LTD.

Fire, Life, Accident and Plate Glass Insurance
Atlantic Steamship Ticket Agency. Money to Loan.

ALL NOW QUIET AT NAN CHANG

Great Britain Will Demand Punishment of Murderers

Shanghai, March 8.—All is quiet at Nan Chang, the scene of the recent massacre of Catholic missionaries and the missionaries who fled are returning. England will demand for the Kingman family, punishment of the murderers, an indemnity, and the privilege of stationing gunboats at Payang Lake. The French demands have not yet been formulated.

FATAL PANIC AT A DANCE

Florence, March 7.—At the village of Puccchio, twenty-three miles west of Florence, a house where a dance was in progress last night took fire. In the panic which ensued the floor gave way and sixteen persons perished, while many were injured.

ELEVEN INJURED IN WRACK

Albuquerque, New Mexico, Mar. 7.—The Santa Fe passenger No. 1 west bound was wrecked at Toltire, New Mexico, yesterday ninety miles west of here. Eleven persons were injured.

FRANCH GOVERNMENT DEFEATED

Paris, March 7.—Like a bolt from a clear sky, the Rouvier ministry was defeated in the Chamber of Deputies tonight and immediately resigned. The cabinet crisis comes at a most dramatic moment when the Franco-German contest has reached a decisive stage and may exert an important adverse influence on the Algerian conference and on European affairs. The defeat of the Government came on a comparatively minor debate over the church disorders.

The Government succeeded in holding only 334 votes while the various elements in opposition, Clericals, Socialists, Independents, and Nationalists united and polled 264 votes, thus placing the ministry in a minority of 33.

CONTRACTOR'S STABLES BURNED

Fort William, Mar. 8.—The stable of Foley Bros. and Larson, contractors on the G. T. P., was destroyed by fire today and several horses were cremated.

THREE NEW SENATORS APPOINTED FOR ALBERTA.

DR. P. ROY, Edmonton, HON. DR. DeVEBER, Lethbridge, and P. TALBOT, M.P., Lacombe, are now Members of the Upper House.

OTTAWA, March 7.—At to-day's Cabinet meeting five new Senators were appointed. They are R. Jaffray, Pres. of the Toronto Globe, which fill the vacancies in Ontario, Dr. Douglas, ex-M.P., East Assiniboia, for Saskatchewan, and Dr. DeVeber, Lethbridge, Member of the Alberta Government without Portfolio, Peter Talbot, M.P., Strathcona, and Dr. Philip Roy, Edmonton. This gives the necessary number of Senators to the new Provinces of Alberta and Saskatchewan which is four for each. There are still five vacancies remaining, one in British Columbia, two in New Brunswick, two in Nova Scotia. Geo. Riley, M.P., will be appointed in British Columbia and the Maritime Province vacancies will not be filled for some time.

HON. DR. ROY

Hon. Dr. Roy was born in the province of Quebec, at the village of St. Francois, Montmorency county, and received his education at Laval University, Montreal, where he graduated as a medical practitioner. He came to Edmonton in the spring of 1898 and has been a resident of this city continuously ever since, practicing medicine. In 1904 he married an Edmonton lady, Miss Helen Young, daughter of Harrison Young, of this city. Dr. Roy has taken a steady interest in politics ever since his arrival in Alberta. Dr. Roy is 38 years of age and will be one of the youngest men in the Senate Chamber.

HON. DR. DEVEBER

Hon. Dr. DeVeber was born in St. John, N.B., on the 10th of February, 1849, and educated at the Collegiate school of Windsor, N.S., and at King's College, Windsor, N.S. He received his medical education at the University of Pennsylvania and Bartholomew hospital, London, England. He practiced his profession in St. John N.B. from 1873 to 1881. In 1882 he joined the N. W. M. P., and came west, leaving the force in February, 1885, and practiced his profession in Macleod from that date to 1891 when he removed to Lethbridge. In 1898 he was elected by acclamation for the Macleod electoral division and was again elected in 1902. He was chosen member of the Provincial Government without portfolio on the inception of provincial institutions in Alberta.

HON. PETER TALBOT

Hon. Peter Talbot, of Lacombe, late member of the Federal House of Commons, was born at Eramosa, Wellington county, Ont., in 1854. He was educated at Rockwood Academy and Ottawa Normal School. In 1879 he was married to Miss Clara Card, of Guelph, Ont. Mr. Talbot was principal of the Cornwall model school from 1883 to 1890. From 1890 to 1892 he was principal of the Macleod public school. Since this time he has resided near Lacombe, where he owns an excellent stock farm. In 1892 he was elected to the Territorial Assembly for Lacombe district and in 1904 to the House of Commons, from Strathcona constituency.

The Program For The Session.

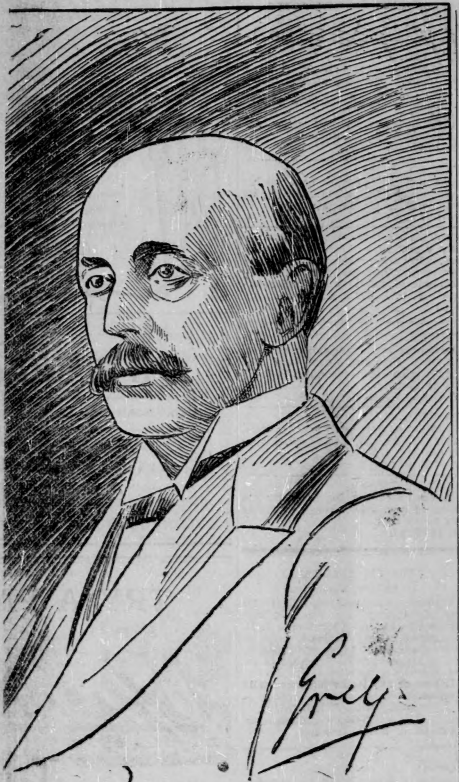

Ottawa, March 7.—In the speech from the throne tomorrow his Excellency the Governor-General, will congratulate Parliament on the prosperity throughout the Dominion. The speech contains an expression of sympathy for Queen Alexandra in the death of her father, the King of Denmark. Earl Grey will express the pleasure he had with the United Kingdom and with foreign countries has greatly surpassed all previous years.

Reference will be made to the insurance commission which is now at work in Canada and the progress which is being made with the Transcontinental railway is referred to.

His Excellency will say that steps

AGED FARMER KILLS HIS WIFE

Bellefonte, Ont., Mar. 7.—A murderous assault which ended fatally today, was committed last night near this city as the result of which Fred Kleinbell, a farmer seventy years of age is now in the county jail. It seems that Mrs. Kleinbell, who was about the same age as her husband and who has been an invalid for about two years, quarrelled sometimes with her husband. Yesterday afternoon a quarrel is said to have taken place which culminated in the tragedy, the old fellow in a fit of anger having beaten her in a terrible manner.

EARL GREY, GOVERNOR-GENERAL OF CANADA.

In taking part in the inauguration ceremonies at Edmonton and Regina, in creating the two new Provinces of Saskatchewan and Alberta. His Excellency at the same time will remark that in no part of the world were there a more contented people to be found. They had most unbounded confidence in the future of the country. Reference will be made in the speech to the bountiful harvest, and in conjunction with the development of the industries throughout the Dominion the extension of transportation facilities has stimulated business to such an extent as to be the largest on record. Trade

PUBLIC WORKS COMMISSIONER STILL HOLDS THE POSITION

City Council Again Voted Down Motion For His Removal Last Night—Plans For Sewer Extension

The extra session of the city council is over and the city engineer holds his job. By the same narrow majority of one, made by the double-headed vote of Alderman Bellamy, who voted as alderman and acting mayor, Alderman May's motion to have J. H. Hargreaves "fired" was defeated in the council last night. Those who voted with Alderman May were Alderman J. H. R. Foyle and D. G. Latta. Alderman Smith, Picard and Bellamy voted against the motion.

Immediately following the debate and vote on the question Alderman Boyle tendered his resignation, which was accepted by the council.

As Alderman May has signified that he intends to bring his motion up again, this puts the question of whether Mr. Hargreaves is to be retained up to the mayor and Alderman who are now out of the city.

As commissioner, J. H. Hargreaves could only be dismissed by a two-thirds majority, but as an engineer a bare majority is sufficient. That is to say, taking for granted that Alderman Bellamy, Picard and Smith will stand pat for Hargreaves, he cannot be dismissed as commissioner except by the votes of the three absentees. On the other hand if two of the absentees vote against J. H. Hargreaves as engineer, he goes.

As a side line of the engineer difficulty, the sewer plan, the street railway plan and salary question were all referred back last night, and practically speaking no business was done except to order a road roller, trench machine and some other implements for municipal work.

The sewer plan submitted by the city engineer last night was radically different from that submitted two weeks ago, as it contemplated a trunk sewer parallel with Rat Creek, instead of going along the high ground on Sutherland street. As it still retains the features of a first street sewer 38 feet deep, the council refused to accept it, and referred it back for a comparative estimate which is to set out the cost of putting in a trunk sewer across the unsubdivided Hudson's Bay Reserve, following the natural water courses.

The street car plan was referred back as being wholly inadequate for the council to go ahead on, and the whole street car proposition put over until next year, the commissioners in the

meanwhile to get the information necessary to be able to lay before the council and ratify a proper scheme with all the data and particulars, for the construction of a street railway in 1907.

On the consideration of the salary list, Alderman Bellamy and Mayor Kinnaird and the city engineer (to get out Dr. Hargreaves) and the city engineer to employ a civil engineer in his place, and the whole list was referred back to find out who the commissioners proposed letting out and what they had been paid.

It also developed, although the matter had never been mentioned in the council before, that the city plumbing inspector, Mr. Peck, has tendered his resignation, and that the commissioners were making arrangements to employ another. The council took the matter out of the commissioners' hands by ordering that no plumbing inspector be employed except by ratification by the council.

In the regular order of business the first thing that came to the council's attention was a statement of the city engineer as to the amounts paid on progressive estimates and the amounts due on final estimates on the Whitman contract.

Alderman May made a motion that as far as the council was concerned the incident was closed and they did not want to open up the Whitman inquiry again, the statement he read. The motion carried and the statement was adopted. Alderman May remembering the fate of his motion of Monday week, was anxious to get the same motion in early in the evening and he moved that the motion on the books be taken up for consideration.

Alderman Bellamy said that it was not in the regular order of business; that their order of business required them to take up reports and he called for reports.

The commissioners presented report No. 102, as follows:

"In view of the unsatisfactory nature of the present pit system of outside privies or closets it is recommended that the plan or plan system be gradually substituted and that a by-law be adopted to enable the city to provide the

THE PROFESSOR FELT BUMPS

Noetd Phenologist Draws "Standing Room" Crowd at Robertson's Hall Last Night

Robertson's hall was filled last night for the initial appearance of Professor Alexander, phenologist, who gives a series of lectures in the city during the next few days. The lecture last night was on "Human Nature," and it was genuinely entertaining and instructive. Professor Alexander is far removed from the ordinary refinement and education, and with the happy knack of presenting the claims of the science he champions, in an interesting and logical manner. He has a big fund of humor, and his address was as amusing at some periods as it was powerful at others.

The idea which he sought to bring before the audience last night was that character could not be read by the bumps on the head, but rather by a complete study of the quality and temperament of the organization, the psychological conditions, and the general development of the brain. In short, in determining character all the conditions which go to make up a man must be taken into consideration and not a single figure, such as height and hollows on the head. Professor Alexander contrasted types in which the animal facilities were largely developed, and the others low or moderate with those having the animal facilities small and the intellectual and moral faculties large. He also contrasted the wide-headed politician or preacher, with the narrow-headed men in the same business, and held that those with the wider cerebrum were more aggressive, positive and dominating, while those with narrow skulls would be more timid and less energetic.

At the close of the lecture the most amusing part of the entertainment was the examining by the professor of several of the prominent men of the audience, the following gentlemen going up on the platform: Messrs. Connell, Neil, McLennan and Dr. Jamieson, and he gave so truthful an account of their dominant characteristics that it surprised the audience.

Miss Collier's room, Standard, Part I. Senior class—Charles Blowey, Ruth Whiteman, Myrtle Shannon, Elizabeth Creamer, Crawford Turnbull.

Junior Class.—Ernest Smith, Gordon Connor, Teddie Dowsett, Hanson Matthews, Hiram Pickard.

WESTERN INVENTION.

Free Press; Mr. James Mitchell, sr. of Arrow River, Sask., is the inventor of a life saving boat which has been tested by naval men and other experts and highly commended by them. A model of this craft has been sent to Milan, Italy, where it will form one of the exhibits in an international competition for life saving devices. The following description of Mr. Mitchell's boat is taken from the Scientific American:

"In a case where a steamship comes into collision with another and one goes down in a few minutes, it is rare that half of the open life-boats can be lowered to the water in time to save the lives of the passengers. With a covered boat such as this there is no need to lower the boats with block and tackle, for it is seen that the vessel is sinking, the passengers can enter the boats as they are lashed to the deck. When filled the ropes can be thrown off, the ventilators and hatchways closed. Then the rope that runs through the centre of the boat can be cut inside, when the boat will float. The action may cause the boat to go down a short way but the upward rush of water will bring it to the top in a few moments, when oars or sail can be applied. In a case where a vessel runs on a rock and remains above the water the boats can be filled the same way on the lee side, and dropped or tossed over in any way possible, and first if convenient. The boats on the windward side can be taken over and handled the same way. This dropping is only possible with covered boats, which I tested last September on the Assiniboine river. At this place the drop of the water was 28 feet, and this is considered higher than it would be on the ocean. The surface being level, it causes more jar than on rough water. Women and children can be dropped from any vessel with safety.

SUITE AT FERRYBANK

(Ponoka Herald)

A sad event took place at Ferrybank on Sunday last when Benjamin Franklin took his own life by hanging. Mr. Franklin has not been well for some time, having suffered a severe sunstroke while living in Ontario. His friends thinking a change of climate would benefit his health, removed with him to Alberta about three years ago but he suffered from dementia and melancholia. Deceased was thirty-seven years old, and was highly respected in the district. The greatest sympathy is extended his relatives in their bereavement. Dr. T. B. Stevenson, coroner, was notified, but decided that no inquest was necessary.

CLAIM WALKER WAS A BIGAMIST
Toronto, Mar. 7.—Two women claim to have been married to H. A. Walker, the commercial traveller who died at the emergency hospital of an overdose of chloral.

NO INTENTION TO SLIGHT EDMONTON.

Calgary, Mar. 7.—Mayor Everman read a despatch from Edmonton to the convention yesterday and in explanation said that the invitation to Edmonton had been sent to Mayor May at the same time and in the same manner as to every one of the other municipalities. He regretted the misunderstanding but stated positively it was no fault of the officials from this end. The convention came to a close tonight with a banquet tendered by the city to the visitors.
The Union passed resolutions to unite with Manitoba to expropriate the Bell Telephone Company property to past legislation discouraging people from bringing fraudulent claims against municipalities, by punishing such persons if necessary to double the grant to hospitals, to take into consideration the erection of hospitals for consumptives, for incurables, of reformatory and similar institutions, urging on the Dominion to prohibit the manufacture of cigarettes, and to pass a law prohibiting unnecessary labor on Sundays.

Instructive papers were read by Mayor Forster, of Medicine Hat, C. A. Stewart, M.P.P., Calgary. Hon. J. S. Hall, Calgary, P. Blythe, Edmonton, F. MacBeth, Calgary. It was decided to hold the next meeting in Red Deer.

ALBERTA MEDICAL ASSOCIATION
Calgary, Mar. 8.—The Provincial medical association, was formed here with the following officers: Hon. Pres. Dr. Kennedy of MacLeod, Pres. Dr. Brett, of Banff, Vice-Pres. Dr. Braithwaite, of Edmonton, and Dr. Lafferty, of Calgary, Secy. Dr. Cummings, of Toronto.

PRUDENT CHARITY

Canadians will endorse the proposal of Hon. Sidney Fisher to donate a cargo of Canadian flour for the relief of the Japanese famine sufferers. While the sympathy of the civilized world is being stirred to practical manifestation by the destitution prevailing among the inhabitants of the flower kingdom it would be a sad reflection on the worldliness of Canadians if Britain's most prosperous colony neglected to tender some concrete testimony of their pity for the needy subjects of Britain's great ally.

There is a grain of prudence too in the proposal. Canada has great expectations for a market for her surplus wheat crop in Japan when the islanders learn to eat flour instead of rice. Japan's need appears to be Canada's opportunity. The flour which is to be presented to the stricken people will be inclosed describing how to prepare food from the contents. While relieving their temporary need therefore the Japanese people may acquire a taste and a habit which may remain when the need is passed and hasten the development of our trade with that country by hastening the education of the Japanese in the wholesomeness and excellence of Canadian flour.

DONALDSON SCORES HIS FRIENDS

The Prince Albert Times, Conservative, publishes the following remarks in which the Conservative candidate in the recent Provincial election in that constituency hands out a rebuke to his mistaken friends who have assailed Judge Prendergast for carrying out the law in his investigation into the election returns:—

"I wish somebody would knock a 'little sense into those idiots who write for the Winnipeg papers," remarked Mr. Donaldson. "I don't like the man in which his papers have attacked Judge Prendergast. They are more than unfair, and I just want to say that I have every confidence in Judge Prendergast's integrity, and I know 'had it been possible to throw out those three mushroom polls Judge Prendergast would have been the first to do so. Why the papers should 'should make such silly attacks against 'the innocent I don't know."

It is to be hoped, but scarcely to be expected, that the Conservative press will be as ready to publish this authoritative vindication of Judge Prendergast as it was to censure and vilify His Lordship for doing all the law permitted him to do and for declining to do more.

THE RECURRESCENCE

The approach of the date of the opening of the Legislature has caused a shaking of the dry bones of the Opposition press and the editorial reflections of these journals are beginning to assume something of the life and form of political controversy. The effort, however resembles rather the performance of a perfunctory task, than the serious undertaking of the discussion of public affairs. In colloquial language there has been "nothing doing" among the Conservative organs of Alberta for sometime, and their re-entry into the arena bears less the appearance of the coming of the gladiators than the advent of a forlorn hope, whose business it is to make a demonstration for the benefit of their dispirited friends. If the course to be pursued by the Alberta Conservatives is to be judged from the themes which occupy the attention of the Conservative press the Rutherford administration should remain in office until time remove the personnel of that Government from the scene of life's activities. With the immeasurable opportunities for public service afforded by the unsettled conditions and the undeveloped institutions of a new country before them these journals have deliberately turned their efforts from the discussion of public questions and have enlisted their talents in a policy of fictions and forecasts which reveals nothing but the hunger for power coupled with a serene disregard for the public welfare or a hopeless blindness of the part they might take in conserving that welfare. If the Opposition in the Alberta Legislature is to contribute nothing more valuable to the consideration of public affairs than is indicated by the attitude of the party press the electors were doubly wise in making that Opposition so small in numbers, but might be arraigned for disregard of their own welfare in returning even two Opposition members. It is a happy day for a Government when its opponents can find nothing to suggest and nothing to condemn and no peg on which to hang a hope of change save the remote possibility of dissension in the ranks of the majority. And it is also true that this helpless condition of the Opposition increases the responsibility which rests upon the Government and its sup-

ports. Not only is the early life of the province committed to the hands of Alberta Liberals, but there appears little chance of any assistance being given them in shaping it by the Conservative press of the province.

THE CALGARY CONSCIENCE

Alas for the waywardness of human nature! Seventeen dollars worth of Straits Settlement silver was piled on the collection plates of four Calgary churches on Sunday.

While it may have been only a strange coincidence there is a dark surmise that the cause of the liberality was that Calgary merchants the preceding day resolved to make war on the devalued currency and to accept it only at heavy discount. Naturally, this move found many holders willing to sell short in this particular commodity but the market for non-negotiable coin is not brisk and the assumption is they took the opportunity of unloading it on the churches on Sunday.

The Methodists appear to have been the largest holders of the most ready money. Despite a gentle hint from the pastor that coin of the realm was more acceptable than the southern product they dropped \$9.00 of it on the plate. Of this amount the Sunday school children contributed \$6.00. The suggestion has not been made that R. B. Bennett's connection with the school had anything to do with this preponderance of low grade coin. It is taken as a sign that the parents either made the children the medium for disposing of it or that they defrauded the youngsters by paying them in Straits Settlement money for shovelling coal or running errands, in which case the parents have the choice of pleading guilty to abetting fraud or obtaining services under false pretences. The Anglicans were a good second and the boxes of the Church of the Redeemer netted \$7.00 of the undesirable medium.

The Baptists were apparently either smaller holders or had not read the papers for they only shuffled off \$1.70 in this kind of cash.

The Presbyterians ranked lowest of all and only produced 15 cents in the debased substitute. The question of conscientiousness cannot be settled by the figures as the proportion of these amounts to the total donations are not given and there is no basis for comparison. However, this might work out the incident reveals a widespread intent to discharge the obligations of church life on a basis of fifty cents on the dollar. Alas for the Calgary conscience!

A CORRECTION

To the Editor of the Bulletin: I have just read your editorial in today's issue, commenting on my letter of yesterday on the university question. Though it seems we must still disagree on one of the questions at issue, viz: The value of a university to the people as a whole, I must never the less admit that your editorial is a very fair criticism of my article. There was one illustration used in my letter, however, which you apparently misunderstood as you put a wrong construction upon it. I did not cite the success of Japan in the recent conflict with Russia as a result of "university" at all, but as an example of the superiority of mind over matter; as an example of what always has, and what always will happen, when a trained, educated, scientific people engage in competition with an ignorant or illiterate one, in either the arts of peace or war.

Yours truly

WILLIAM RAE.

7th March, 1906.

EDISON NEWS

(Correspondence)

Edison, Feb. 28.—Those who have been looking forward to gleaming that their hopes brightened somewhat by the slight snowstorm which occurred yesterday morning.

The number of newcomers to the Edison district is steadily on the increase, and a large immigration is expected to take place during the spring and summer months.

Mr. Thompson, of Ottawa, is expected to visit the Edison district in March to select land for himself and two sons. The general store of J. D. Maloney is undergoing several alterations to make room for spring stock. Mr. J. Baldwin, of Edmonton, will remove to the Edison district this spring. The marriage of Miss Isabella Curie and John Edgson was quietly solemnized at the home of the bride's father, Mr. James Curie, on Tuesday noon, February 27. The ceremony was performed by the Rev. C. H. Huels, of Edmonton. The bride was attended by her sister, and Mr. Chas. Edgson was best man. In the evening a wedding supper and dance was given in their honor at which many of their friends of the district were present. Rev. J. H. Reid and family of Montreal, are expected to arrive in the Edison district during the month of April and have secured the house of C. H. Christy for the summer.

TO CALGARY IN
A MOTOR CARG. Corriveau Makes the Trip From
Edmonton in Eleven and a
Half Hours

From Edmonton to Calgary in a motor car, 200 miles in 11 1/2 hours, was the record made by G. Corriveau the other day. Mr. Corriveau sold the machine, a 29 horse power, four seated affair, to W. H. White, of Calgary, and in company with his son, Mr. White and Mr. Lundy, of Innisfail, made the trip to the southern city by trail. The party left Edmonton on Saturday morning at ten, and arrived in Calgary at seven on Sunday evening, staying in Red Deer over Saturday night. From Lacombe to Red Deer, 20 miles, the car made the trip in 34 minutes. During the trip 20 gallons of gasoline were used and one gallon of lubricating oil.

The roads in many places were very rough, and in one place the car plowed through nearly 20 miles of snow. The stretch from Lacombe to Red Deer was the best of the trip, the car hitting a clip of about 40 miles per hour. When the party arrived in Calgary, the car was uninjured in the least, and not the smallest part of its intricate make-up was found missing. Mr. Corriveau and his son returned by train on Wednesday.

THE PROGRAM FOR THE SESSION
(Continued from Page One.)

observance of the Lords Day, to amend the Railway Act, Trade Marks Act, and to put an end to the evils of usury will be promised in the speech.

One reference will be that there is no reference to the tariff. Until today the general opinion was that this was to be a tariff session. If that were to be the case notice would be made to it in the speech. The talk tonight is that there will be no tariff revision this session but that it will be put off till fall when Parliament will be summoned to deal with it. Nothing official can be obtained on this point. The likelihood however is that an effort will be made to have a short session from time to time in the fall. The speech will also say that the number of immigrants seeking homes on the prairie provinces still continues. In the history of the country this year's returns will be by far the largest. A paragraph will be taken up in referring to the treaty between Canada and Japan which has just been negotiated by the British Government and hope is expressed of an increase in trade between this country and the pro-

gressive Japanese Empire. Comment will be made on the rapid destruction of forests and the necessity of adopting means to prevent this. In other words it is intended to give some effect to the recommendations of the recent forestry convention in regard to the flow of streams and the preservation of forest wealth of the country. The speech will refer to the departure of the Imperial troops from Halifax and to the negotiations which are now on for the last remaining British soldiers leaving Esquimaux. Carleton at both points will be in future in charge of the Canadian permanent force and the British tax-payer will be relieved to that extent.

Parliament will be asked to consider the propriety of changing the fiscal year to end on March 31 instead of 30.

PUBLIC WORKS COMMISSION.
(Continued from page one)

necessary receptacles and charge the same to the owners in the taxes. When this is done the whole of the nightsoil will be removed under the scavenging system already authorized by the council regularly and periodically. These pits could be provided at a minimum cost by the city contracting for a large quantity.

Alderman Boyle asked if there was not a by-law at present calling on all householders whose residences were on streets served by sewer and water works to connect with the same and install plumbing and inside closets.

Commissioner Kinnaird said there was such a by-law, but owing to the fact that it would work a hardship on many poor people who were not in a position to stand the expense of installing the plumbing, it was not thought judicious to enforce it.

Alderman Boyle said that he thought the public health was the first consideration and that where householders could not afford the expense of putting in the necessary compliances to comply with the law, that the city should undertake the cost and that the sum should be charged against the land as a local improvement tax.

Alderman Latta said that he always been his idea of the way that that sort of thing should be carried out, and Alderman Smith said he was in favor of the idea as he had seen it in successful operation in Calgary.

Alderman Picard said that they were now considering a report and that as they were not now dealing with the question of municipal plumbing, they were wasting time. Alderman Bellamy explained that the report before the council dealt only with the parts of the city outside of the reach of water and sewers, and on this understanding the report was adopted.

Alderman Mays moved that the city solicitor be instructed to prepare a by-law to the effect that all new houses in the city be provided with sewer and water connections. The motion was adopted and the by-law will be ready for the next meeting of the council.

The city engineer submitted a report recommending the purchase of a road roller, cement mixer and an additional sprinkler. As it apparently unanimously admitted by the council that this machinery was necessary and that it would be in demand for public works in the immediate future the order was authorized.

The Club-Chambers Co., Ltd.

Authorized Capital \$50,000

Shares \$50.00 Each

H. C. Carsley,
President.

OFFICE: EDMONTON, ALBERTA.

H. C. Brunton,
Managing Director

Owing to the present difficulty in obtaining houses in the city, and in view of what will probably be a greater difficulty in the near future, the above mentioned company has been formed for the purpose of erecting and operating an apartment house.

SITE—The site chosen is the one at the corner of Seventh street and Hardisty avenue. No section for this purpose could be more fortunate, for the Chambers, when completed will command as fine a view, as can be obtained overlooking, as it will, the most picturesque part of the town.

BUILDINGS—Plans are being prepared for a three-storey solid brick building, having such architectural beauty as is consistent with good business economy.

It is proposed to have three flats of apartments. The first flat to consist of suits of five and four rooms. The second of those of three rooms. The third will be taken up with single rooms, but with communicating doors between each pair. The building will be fitted with every modern convenience and will be systematically heated and lighted.

In connection therewith there will be a thoroughly metropolitan restaurant in the basement of the building thus making tenants much more comfortable.

Subscription—The shares of the company are fifty dollars for each share payable as follows:

One quarter upon application.

One quarter upon allotment.

One half upon call.

INVESTMENT—Investment in the company should appeal in several ways to the citizens of Edmonton.

First—To the man or woman who has the interest of the city at heart. We are all looking for an enormous number of new citizens this year. We may however, be sure that however attractive in other respects they may find us, if we cannot house them decently, they will not regard very favorably taking up their residence in tents or other similar, unsanitary quarters. The Club Chambers will to a great extent relieve the present congestion and leave room for these incoming people. Then, again, we shall help in no small degree to advertise an already popular city, by reason of

its being the first place in the two new provinces whose progress demands a building of this sort. There is a great deal in one's first impressions of a new town, and if we force new people to "double up" and to put up with other inconveniences, we are going to lose some of them.

Second—Investment in the Company should appeal MORE to the people residing here now who have had to put up with uncomfortable quarters, and are dolefully looking forward to a continuance of the same state of affairs. With the prospects of a comfortable, thoroughly up-to-date apartment, those who are anxious to see improvements of city-like nature, as compared to those of a non-progressive VILLAGES, surely cannot help but see that money expended for this purpose would be money well spent.

Third—Investment in the Company should appeal MOST to the careful money investor. Based on a conservative estimate, the company will return from twelve to fifteen per cent. to investors AND ALL SPECULATIVE FEATURES ELIMINATED. It must be conceded that the business

will pay, and pay handsomely. That cannot be gainsaid. The question is then, will it pay YOU. The percentage mentioned above are in excess of the average rate, even in this money-making country. It is true that more money has been, and is being made in real estate speculation. But you must remember that you are taking chances on losing every dollar. By investing your money in a company such as this, you CANNOT, on our present hypothesis, lose your money, and it will return to you above the average rate of interest.

Another thing to be considered: If we are correct in saying that lack of proper accommodation will deter newcomers from remaining, then the same men who prefer a speculative investment to that in a sound business concern, will have fewer buyers than would be the case were we to expect and accord the new citizens the comfort and convenience, which they look for in so widely-advertised a city as Edmonton.

The stock of this Company will be placed upon the market on Monday, 5th March. Application forms may be obtained at the office of

Brunton & Hitchins, Opposite Union Bank

or

Carsley & Co. Opposite Revillon Brothers.

—Skating to-night, the last of the season. Band in attendance.

—The Public School Board meets this evening in Mackay Avenue school.

—As a result of the fine weather the ice on the river is covered with water.

—Prof. Alexander, the phonologist, lectures in Robertson's hall this evening.

—The regular meeting of the Retail Merchants Association will be held on Tuesday evening next.

—The fifth Eaton Concert Company will appear in Robertson's Hall on Monday night, March 26.

—The pupils in music in Alberta college hold a recital tomorrow night in McDougall church. The public are cordially invited.

—Invitations and admission cards are being printed for the opening session of the Alberta Legislature, which opens on Thursday, March 15th.

—The ice will be in good condition for the hockey match in Strathcona to-night between the Edmonton Thistles and the Strathcona seniors.

—A debate has been arranged for between the Edmonton high school and the Strathcona high school, to take place a week from Friday evening.

—In the Strathcona rink tonight the second game in the series for the Calgary cup will be played between Edmonton and the Strathcona seniors.

—Mr. Harrison Wing arrived last evening to assume his position as traveller for the Edmonton branch of the James McCready Co., Limited, wholesale boot and shoe dealers.

—The Edmonton Presbytery held a special meeting yesterday in Queens Avenue Presbyterian church yesterday and ordained Rev. Gilbert P. Kechnie.

—J. Rolfe has made application for a building permit for a residence facing east on Sixteenth street, between Jasper and Victoria, to cost \$2,500. Johnston & Barnes are the architects.

—The meeting of the Alberta Literary Society, which was to have been held on Friday evening, has been postponed for two weeks on account of the recital of the students in music, to be held in McDougall church.

—Mr. J. J. Richardson, solo violinist, late of Marle's Godfrey's Orchestra, Scotland, England, will render "Legends by Wieniawski, at the choir recital in Queens Avenue Presbyterian church Friday evening, March 16.

—Herbert S. Allen and John Galbraith, formerly of Toronto, and who have been in Edmonton for some months, have opened a real estate office in Strathcona, under the name of the Eagle land office.

—The secretary of the fire brigade begs to acknowledge with thanks the receipt of a cheque of fifty dollars from Mr. Robt. Lee, given as a mark of appreciation for the excellent services rendered by the brigade at the recent fire in the Lee block.

—R. Kenneth, of the Edmonton Tent and Mattress factory, has commenced work upon the erection of his new factory upon Second street, between Jasper and Athabasca avenue. The building will be 24x75, and will cost in the neighborhood of \$3,000.

—P. and A. Riddell conducted the opening services in the new Methodist church at Daysland on Sunday. The church is the first erected in the new town and is a frame structure with a seating capacity of 120. Rev. R. Finley, formerly of Clover Bar is pastor.

—As the result of the splendid exhibits shown at the seed fair here many farmers in the surrounding districts have received large orders for seed grain from southern and eastern points. Mr. John Kennedy, of Poplar Lake has already shipped about 50,000 lbs of seed oats and wheat to Ritschky, a new town on the C.N.R. main line. The orders from the southern points come from as far as Calgary.

—A very quiet but rather pretty wedding took place at 8 o'clock last evening, at the home of D. S. McFarlane, Belmont, when his daughter, Miss Annie S., was married to Mr. H. H. Robertson, of the firm of Robertson, Dickson and Worsley, Edmonton, and son of Sheriff W. S. Robertson. Rev. Dr. McQueen, of Edmonton, performed the ceremony and only a few of the immediate relations of the contracting parties were present. Mr. Henry Lane, of the Bank of Commerce staff, was best man. The bride was the recipient of many handsome and useful presents, indicative of her popularity and the esteem in which she is held. Mr. and Mrs. Robertson will reside on Hardisty avenue.

—A fancy dress carnival will be held in the Strathcona skating rink on Friday evening, next. Prizes will be given for the following:—Ladies best costume, ladies best comic costume, gents best costume, Gents best comic costume, girls under 16, best costume; girls under 16, best comic; boys under 16, best costume; boys under 16, best comic; girls under 12, best costume; girls under 12, best comic; boys under 12, best costume; boys under 12, best comic; best couple skaters, lady and gent; best couple skaters, boy and girl. The Strathcona band will be in attendance, and the judging will take place at 8.30.

A number of medical men are attending the Medical Convention in Calgary this week. Some of those who went down are Drs. Braithwaite, Whitlaw, Park, Harrison, and McIntyre, Strathcona.

Wilfrid Gariepy, of the firm of Taylor, Boyle & Gariepy, in company with C. H. Belanger and P. R. A. Belanger, of Ottawa, went out on a business trip to Lac la Biche the other day.

An at home, given by Mrs. A. E. May in honor of Mrs. Hockley, of Wetaakwin, and Mrs. Mack of Carberry, at her residence on Fourth street on Monday evening, was a splendid social function. Tea was served in the dining room, the table being prettily decorated with pink and white carnations on drawn-work centre-piece. Mrs. Chas. May presided over the tea-room, assisted by Misses Ferrie, Dize, McKinnon, and Macdonald. Following is the list of guests who were present, Mrs. Blouey, Mrs. Bishop, Mrs. Bolton, Mrs. Cliff, Strathcona; Mrs. Montgomery, Mrs. Ferris, Mrs. Haight, Mrs. Ross, Mrs. Mitchell, Mrs. Ferguson, Mrs. McIntosh, Mrs. Park, Mrs. Harbottle, Mrs. Powley, Mrs. Miller, Mrs. Butchart, Mrs. Bellamy, Mrs. McSweeney, Mrs. Nicholas, Mrs. Cunningham, Mrs. Green, Mrs. Marshall, Mrs. McGibbon, Mrs. McLean, (Strathcona), Mrs. Kenneth, Mrs. Wallbridge, Mrs. Porin, Mrs. McQueen, Mrs. Crawford, Mrs. Carter, Mrs. Secord, Mrs. Ricker, Miss Cape, Miss Brewster, Miss Phillips, Miss Christian, Miss Willis, Mrs. McLean.

ALBERTA COLLEGE NOTES

Miss Nellie Mooney and Miss Puffer, who have been attending the college, will leave today for their homes in Lacombe.

A meeting was held Tuesday evening of the students to make final arrangements for the publishing of the souvenir number of the College Echoes. The souvenir will contain over fifty pages, and will be a very handsome number.

The football team are getting into shape for the season, and are practising every evening. It is not unlikely they will play a game with the city team in the near future.

Miss Agnes Ammondson and Miss Puffer yesterday received their diplomas for shorthand and typewriting. These are the first diplomas to be issued in the College for the combined courses. Both these young ladies have already secured positions, Miss Puffer going to her home in Lacombe, and Miss Ammondson securing a position in the city.

Rev. Mr. Coulter addressed the students at the mid-week meeting, last evening.

BRITISH MEMBERS TO BE PAID. London, March 2.—The House of Commons is to pay its members \$3500 per annum.

SPECIAL SALE

It's getting to the time of the year when everything Wintery must be put on the "retired list"—so far as his store is concerned; yet, two full wearing months are ahead.

A better chance to buy Men's, Boys' and Children's Clothing, for less than actual value

NEVER PRESENTED ITSELF

Our Suits, Fur and Overcoats must vacate. We don't want a vestige of Fall or Winter stock when we open the Spring Campaign, and we won't have it if we can help it.

Can you afford to miss a sale when the prices touch your purse so gently?
